

# MAN LIFT

## SAFE PRODUCTIVE INNOVATIVE

The Man Lift MC series of machinery and material transfer carts are specifically designed to meet the needs of a wide spectrum of heavy manufacturing industries and operations.

From energy and transportation to nuclear and pharmaceuticals, Man Lift machinery carts are designed to transfer loads from 10,000 lbs. to 150,000 lbs. over firm, flat surfaces across manufacturing bays and facilities not serviced by overhead cranes.

With a wide selection of sizes, features, and options, our MC series carts are custom built to your requirements, improving safety and productivity in your daily operations.

## MACHINERY CARTS HEAVY-DUTY INDUSTRIAL TRANSFER CARTS
